American Society for the control of Cancer, Cancer Symposium at Lake Mohonk, ed. 813

Amputation stumps, of lower extremities, the causes and treatment of prolonged disability, 524

Anæsthesia, Insulin-Glucose treatment of shock, 224; Technique of operations for carcinoma of buccal mucous membrane, 343; Use of ethylene in obstetrics, a report of 85 cases, 389; Safeties of ethylene, ed. 703; Local, prolongation of, 100; Local, exploration of the cerebellum, 204; Local, ed. 233; Regional, Suprapubic prostatectomy for benign prostatic hypertrophy, a consideration of pre-operative and postoperative management, 769

Analgesia, Use of ethylene in obstetrics, report of 85 cases, 389

Anencephaly, Early diagnosis of anencephalus, 198

Aneurism, Death in a pregnant woman due to a retroperitoneal rupture of a small aneurism of the splenic artery, tr. 713; of renal artery, 724; of subclavian artery, ligation of first division and intrasaccular suture, 764

Ankle joint, Operative removal of osteoma of lower extremity of tibia, 800

Anus, Atresia ani vaginalis, correction, report of case, 785

Appendectomy, Technique of, 195

Appendicitis, Meckel's diverticulum, methods of resection, with a review of thirteen cases, 515; Treatment of pylephlebitis of appendicular origin, with report of three cases of ligation of the portal vein, 627; Disturbed reflexes, their significance in acute abdominal diseases, 806

Appendix, Technique of appendectomy, 195; Enterostomy, its surgical importance, 372; Carcinoid tumors of the intestines, 443; Treatment of pylephlebitis of appendicular origin with report of three cases of ligation of portal vein, 627

Artery, Aneurism of renal, 724; Death in a pregnant woman due to a retroperitoneal rupture of a small aneurism of the splenic, tr. 713; Aneurism of subclavian, ligation of first division and intrasaccular suture, 764; Hernia of the superior epigastric, 767

Arthritis, Streptococcus immunization of rabbits in prevention of streptococcus, 176

Arthrodesis, Extra-articular, with autogenous bone graft, ed. 393

Artificial limbs, Amputation stumps of lower extremities, the causes and treatment of prolonged disability, 524

Ashhurst, John, Jr., 706

Aspiration, in the after-treatment of operations of the urinary bladder, 219

Atherton, Alfred Benison, 815.

Atresia ani vaginalis, its correction, report of a case, 785

BASEDOW'S disease, Operative treatment of goiter, 498

Bile duct, common, The physiological significance of the gall bladder, 181; Affections of the, associated with jaundice, 310; Dilatation of the, 729

Biliary passages, Lymphatics of, 140

Biliary tract, Affections of the common bile duct associated with jaundice, 310

Bilirubin, Affections of the common bile duct associated with jaundice, 310; Cholelithiasis in the negro, 465

Birth injuries, Intentional fracture of the humerus in the newborn, 795

Bladder, The trigone of the, as a factor in urinary obstruction, with report of cases and discussion of operative treatment, 1; Exstrophy of the, 129; Aspiration in the after-treatment of operations of the urinary, 219; Lateral cystograms, a study of their clinical importance, 383; Radiation of bladder tumors, 392; Technique of the Mayo operation for cystocele, 505; Results of X-ray therapy of malignant growths of the urinary tract, 529; Parasitic fibromyomata, 645; Suprapubic prostatectomy for benign prostatic hypertrophy, a consideration of pre-operative and postoperative management, 769

Blood, The tendency to acidosis in the toxæmia of pregnancy, 38

Blood vessels, Treatment of pylephlebitis of appendicular origin, with a report of three cases of ligation of the portal vein, 627; Death in a pregnant woman due to a

retroperitoneal rupture of a small aneurism of the splenic artery, tr. 713; Aneurism of the renal artery, 724; Aneurism of subclavian artery, ligation of first division and intrasaccular suture, 764; Hernia of superior epigastric artery, 767
Bone, Pott's abscess, 285; Some fundamental principles in the pathology of, 308; Extra-articular arthrodesis with autogenous bone graft, ed. 393; Roentgenograms as an aid in the diagnosis of bone tumors, 812
Bones, Lucas-Championnière and mobilization in the treatment of fractures, 271; Fate of the bone fragment, a study of comminuted fractures, 790; Operative removal of osteoma of lower extremity of tibia, 800
Bone graft, Extra-articular arthrodesis with autogenous bone graft, ed. 393
Bone pegs, Operative treatment of ununited fracture at the hip, 221
Bone tumors, The roentgenogram as an aid in the diagnosis of, 812
Bowel, Pneumatic rupture of the, 491; Coincident cancer and melanosis of, 744
Brachial plexus, Gunshot injuries of the, 415
Brachydactylia, Symmetrical congenital, report of five cases, 654
Brain, Exploration of the cerebellum, 204; Traumatic pneumocephalus, an analysis, report of a case, 750
Breast, Concurrence of tuberculosis and cancer of, report of a case, 70; Malignant epithelial neoplasms, carcinoma, and epithelioma, occurring in persons under twenty-six years of age, 73; A two-flap incision for cancer of, 95
Brown-Sequard paralysis, Gunshot injuries of the brachial plexus, 415
Burns, John, Sir William Macewen and the Glasgow School of Surgery, 823
Burrell, Herbert Leslie, 113

CÆCOSTOMY, Enterostomy, its surgical importance, 372
Cæsarean section, Conservative, by the lower uterine segment incision, 85; Cæsarean section, Use of ethylene in obstetrics, a report of 85 cases, 389
Calculi, Uric acid and uratic stones in the kidney, uric acid showers and their diagnosis, 436; Calculi of the salivary glands and ducts, 431; Cholelithiasis in the negro, 465
Cancer, Concurrence of tuberculosis and cancer of the breast, report of a case, 70; Coincident, and melanosis of the bowel, 744
Capsulorrhaphy, Tenosuspension for habitual dislocation of the shoulder, 18
Carcinoid tumors of the intestine, 443
Carcinoma, Malignant epithelial neoplasms, carcinoma and epithelioma, occurring in persons under twenty-six years of age, 73
Cardiolysis, Technique of, 89
Cerebellum, Exploration of, 204
Charcot's disease, Pathological fracture occurring in, of the hip joint, report of a case treated by the Whitman abduction method, 66; joints, in a case of syringomyelia, 695
Cheek, Technique of operations for carcinoma of the buccal mucous membrane, 343
Chicago Gynecological Society, 118, 544, 713
Childbirth, Use of ethylene in obstetrics, report of 85 cases, 389; Critical review of five hundred consecutive deliveries, 519, tr. 544; Prevention and relief of prolapsus uteri, 698, tr. 714; Pituitrin administered at the beginning of the third stage of labor, 651, tr. 716
Chloroform, Safeties of ethylene anæsthesia, ed. 703
Cholecystectomy, Short discourse on surgery of the gall bladder, 46; Physiological significance of the gall bladder, 181
Cholecystitis, Lymphatics of the extrahepatic biliary passages, 140
Cholecystography, Clinical type of cholelithiasis resembling renal disease, report of 2 cases, 459
Cholecystostomy, Short discourse on surgery of the gall bladder, 46
Cholelithiasis, Clinical type of, resembling renal disease, report of two cases, 459; in the negro, 465
Cholesterol, Cholelithiasis in the negro, 465
Clasp ring, New instrument for use in intestinal anastomosis, a preliminary report on new mechanical device and new method of performing intestinal anastomosis, 386
Coffey's method, Enterostomy, its surgical importance, 372
Colles' fracture, Lucas-Championnière and mobilization in treatment of fractures, 271
Colon, Value of enterocolostomy comined with enterostomy in acute appendicitis, 61; Pneumatic rupture of the bowel, 491
Crosby, Dixi, 539
Cystocele, Technique of the Mayo operation for, 505; Prevention and relief of prolapsus uteri, 698, tr. 714
Cystograms, Lateral, a study of their clinical importance, 383
Cystostomy, Carcinoma of the prostate, a clinical study of one thousand cases, 150; Suprapubic prostatectomy for benign prostatic hypertrophy, a consideration of the preoperative and postoperative management of patient, 769

DÉBRIDEMENT, Fate of the fragment, a study of comminuted fractures, 790
Dentistry, Meeting of the Seventh International Dental Congress, ed. 704
Diaphragm, Closed drainage in subphrenic abscess, report of two cases, 215; Technique of thoracotomy with free pleura, 355
Disease carriers, Postoperative hæmolytic streptococcus wound infections and their relation to hæmolytic streptococcus carriers among the operating personnel, 338
Drainage as a factor in renal disease, 615; Intestinal fistulæ, a method of preventing skin excoriation, 701
Dunn, James Henry, 396
Duodenum, The Finney pyloroplasty, 508; Carcinoma of the small intestine, report of a case of carcinoma of the ileum, 757

ECLAMPSIA, Tendency to acidosis in the toxæmia of pregnancy, preliminary report, 38
Electrocoagulation, Conservative treatment of cervical erosions with, 105
Endo-aneurismorrhaphy; Aneurism of subclavian artery; ligation of first division and intrasaccular suture, 764
Enterocolostomy, Value of, combined with enterostomy in acute peritonitis, 61
Enterostomy, Value of enterocolostomy combined with, in acute peritonitis, 61; its surgical importance, 372; Intestinal fistulæ, method of preventing skin excoriation, 701
Enzymes, Intestinal fistulæ, A method of preventing skin excoriation, 701
Episiotomy, Critical review of five hundred consecutive deliveries, 519, tr. 544
Epithelioma, Malignant epithelial neoplasms; carcinoma and epithelioma, occurring in persons under twenty-six years of age, 73

Ethylene, Use of, in obstetrics, report of 85 cases, 389; anæsthesia, Safeties of, ed. 703
Exophthalmic goiter, Operative treatment of, 498
Exostosis, Subungual, 488
Exstrophy of the bladder, 129

FACE, Carbuncles of, Danger of infections about the lips, ed. 535
Fallopian tubes, Combined intra-uterine and extra-uterine pregnancy, with a report of two hundred seventy-six cases including two new cases observed by the author, 26; Procedure for determining the patency of, at laparotomy, 97
Fascia, Method for repair of postoperative ventral hernia, 388
Femur, Arthroplasty of the hip, an analysis of forty-eight cases, 9; Pathological fracture occurring in Charcot's disease of the hip joint, report of a case treated by the Whitman method abduction, 66; Technique of equalizing leg length, 93; Non-union of the neck of, ed. 110; Flexible knee traction splint for lower limb, 207; Operative treatment of ununited fracture at the hip, 221; Amputation stumps of lower extremities, causes and treatment of prolonged disability, 524; Femoral osteochondrosis of adolescents and sequelæ, epiphyseal separation of hip, 604
Fibromyomata, Parasitic, 645
Fingers, Symmetrical congenital brachydactylia, report of five cases, 654
Finney pyloroplasty, 508
Fractures, Lucas-Championnière and mobilization in treatment of fractures, 271; Fate of fragment, study of comminuted, 790; Intentional, of humerus in newborn, 795

GALL bladder, Short discourse on surgery of, 46; Lymphatics of extrahepatic biliary passages, 140; Physiological significance of, 181; Affections of the common bile duct associated with jaundice, 310; Clinical type of cholelithiasis resembling renal disease, report of two cases, 459; Cholelithiasis in the negro, 465; Dilatation of the bile ducts, hydrohepatosis, 729
Gastric polyposis, Diffuse, adenopapillomatosis gastrica, report of five proven and seven probable cases, 559
Gastrostomy, Technique of two-stage operation for pulsion œsophageal diverticulum, 359; Technique of my method of antethoracic œsophagoplasty, 781
Gilliam operation, Prevention and relief of prolapsus uteri, 698, tr. 714
Gingiva, Technique of operations for carcinoma of buccal mucous membrane, 343
Glasgow School of Surgery, Sir William Macewen and the, 823
Glucose, Insulin-, treatment of shock, 224
Goiter, Technique of partial thyroidectomy, 191; Operative treatment of, 498
Greece, Medical education in, ed. 230
Gunshot wounds, of the brachial plexus, 415
Gynecology, Reaction of tissues to radium in treatment of cancer of cervix and the importance of lacerations in producing cancer in this location, 719

HÆMANGIOMA, of the uterus, report of a case, 282
Hæmaturia, Calcified hypernephroma of the kidney, report of a case diagnosed by X-ray examination, with a discussion of the differential diagnosis of renal shadows, 155; Essential, drainage as a factor in renal disease, 615
Hand, Covering of raw surfaces with particular reference to, 677
Headaches, and intranasal surgery, ed. 111
Health, Pregnancy, parturition, after surgical replacement of the uterus, a retrospect, 317
Heart, Technique of cardiolysis, 89
Hemihypertrophy, 746
Hepatitis, Lymphatics of the extrahepatic biliary passages, 140
Hernia, femoral, principle and procedure, 147; ventral, Method for repair of postoperative, 388; of the ovary, 483; of superior epigastric artery, 767; Two cases of strangulated umbilical, one in baby of 15 hours, 805
Herniotomy, Method for repair of postoperative ventral hernia, 388
Hip, Arthroplasty of the, analysis of forty-eight cases, 9; Technique of equalizing leg length, 93; Operative treatment of ununited fracture at, 221; Femoral osteochondritis of adolescents and sequelæ, epiphyseal separation of, 604; Interilio-abdominal amputation in a case of sarcoma, recovery, pregnancy, and birth of living child, 668
Hip joint, Pathological fracture occurring in Charcot's disease of the hip joint; report of a case treated by the Whitman abduction method, 66
Humerus, Tenosuspension for habitual dislocation of the shoulder, 18; Intentional fracture of, in newborn, 795
Hydrocephalus, Exploration of the cerebellum, 204
Hydrohepatosis, Dilatation of the bile ducts, 729
Hypernephroma, Calcified, of the kidney, report of a case diagnosed by X-ray examination with a discussion of the differential diagnosis of renal shadows, 155
Hydronephrosis, Strictured ureter, hydronephrosis and pyonephrosis occurring in cancer of the cervix uteri based on a study of 82 cases, 740; Drainage as a factor in renal disease, 615; Resection of stricture of the superior renal pelvis for relief of partial, 279
Hysterectomy, Technique of abdominal, for carcinoma of the uterus, 185; Technique of abdominal hysterectomy for carcinoma of the uterus, 392; Technique of Mayo operation for cystocele, 505

ILEUM, Meckel's diverticulum, methods of resection with a review of thirteen cases, 515; Carcinoma of the small intestine, report of a case of carcinoma of, 757
Ileus, Value of enterocolostomy combined with enterostomy in acute peritonitis, 61
Immunization, Streptococcus, of rabbits in prevention of streptococcus arthritis, 176
Infants, Intentional fracture of the humerus in the newborn, 795
Infections, Postoperative hæmolytic streptococcus wound infections and their relation to hæmolytic streptococcus carriers among the operating personnel, 338; Danger of, about the lips, ed. 535
Instruments and apparatus, Pressure bags for skin grafting, 99; Flexible knee traction splint for lower limb, 207; Clasp ring, a new instrument for intestinal anastomosis, a preliminary report on a new mechanical device and a new method for intestinal anastomosis, 386
Insulin-glucose treatment of shock, 224
Interilio-abdominal amputation, 668
International Dental Congress, seventh meeting, ed. 704
Intestinal anastomosis, Clasp ring, a new instrument for intestinal anastomosis, a preliminary report on a new mechanical device and a new method of, 386
Intestines, Value of enterocolostomy combined with enterostomy in acute peritonitis, 61; Malignant epithelial neoplasms, carcinoma, and epithelioma, occurring in persons under twenty-six years of age, 73; Anatomical basis for the study of splanchnoptosis, 293; Enterostomy, its surgical importance, 372; Clasp ring, new

instrument for intestinal anastomosis, a preliminary report on a new mechanical device and a new method for intestinal anastomosis, 386; Carcinoid tumors of the intestines, 443; Pneumatic rupture of the bowel, 491; Parasitic fibromyomata, 645; Intestinal fistulæ, a method of preventing skin excoriation, 701; Coincident cancer and melanosis of the bowel, 744; Carcinoma of the small intestine, report of a case of carcinoma of the ileum, 757
Iodized oil, as a pyelographic medium, with report of 27 cases, 169
Ivanissevich's operation, for varicocele, 687.

JAUNDICE, Affections of the common bile duct associated with, 310
Jejunum, Carcinoma of the small intestine, report of a case of carcinoma of the ileum, 757
Jones, Sir Robert, 271

KIDNEY, Ureteral stricture, symptoms, treatment, complications, and results, a study of seventy-six cases, 54; Malignant epithelial neoplasms, carcinoma, and epithelioma, occurring in persons under twenty-six years of age, 73; Calcified hypernephroma of the, report of a case diagnosed by X-ray examinations with a discussion of the differential diagnosis of renal shadows, 155; Iodized oil as a pyelographic medium, with report of 27 cases, 169; Resection of stricture of superior renal pelvis for relief of partial hydronephrosis, 279; Anatomical basis for the study of splanchnoptosis, 293; Uric acid and uratic stones in the kidney, uric acid showers and their diagnosis, 436; Results of X-ray therapy of malignant growths of the urinary tract, 529; Clinical type of cholelithiasis resembling renal disease, report of two cases, 459; Drainage as a factor in renal disease, 615; Aneurism of the renal artery, 724; Strictured ureter, hydronephrosis and pyonephrosis occurring in cancer of the cervix uteri based on a study of 82 cases, 740
Knee, Flexible knee traction splint for the lower limb, 207

LABIUM majus, Malignant melanoma of the vulva, report of 3 cases, 322
Labor, Conservative cæsarean section by the lower uterine segment incision, 85; Use of ethylene in obstetrics, report of 85 cases, 389; Critical review of five hundred consecutive deliveries, 519, tr. 544; Pituitrin administered at beginning of the third stage of, 651, tr. 716
Lawrie, James A., Sir William Macewen and the Glasgow School of Surgery, 823
Leg, Technique of equalizing leg length, 93; Flexible knee traction splint for lower limb, 207; Amputation stumps of lower extremities, causes and treatment of prolonged disability, 524
Leprosy, Charcot joints in case of syringomyelia, 695
Leukoplakia, Cancer of the mouth, results of treatment by operation and radiation, study of 376 cases observed at the Massachusetts General and Collis P. Huntington Memorial Hospitals in the three year period, 1918–1920, 377
Lieberkuehn's glands, Carcinoid tumors of the intestine, 443
Lips, Danger of sepsis about the lips, ed. 535
Lister, Joseph, Sir William Macewen and the Glasgow School of Surgery, 823
Liver, Tendency to acidosis in the toxæmia of pregnancy, preliminary report, 38; Lymphatics of extrahepatic biliary passages, 140; closed drainage in subphrenic abscess, report of two cases, 215; Anatomical basis for study of splanchnoptosis, 293; Affections of the common bile duct associated with jaundice, 310; Dilatation of bile ducts—hydrohepatosis, 729
